

VALENCIA SUMMER 2023

 **SPANISH
COURSES**

Live the experience

At Interland School we know that your children's education is your priority and that you have probably been aware of the importance of languages in their personal and professional development.

From the age of 12, your children are much more prepared than you imagine, they have matured, and it's the perfect time to live this experience and improve their level of Spanish. They just need to go one step further: discovering that they are able to live away from home, communicate with other people speaking Spanish, share their culture and enjoy it. In this process we want to accompany and guide them, to provide them with an experience that changes their perception of their future.

How can this experience change their lives?

At such a receptive age, they will become aware that their personal relationships, and in the future professional ones, open up to a world without borders and are much more enriching when you can share friendship, work and experiences with people of all nationalities. They will gain self-confidence when it comes to speaking and expressing themselves in another language.

Concurrently with the personal experience, these foreign language programs will be highly valued in your children's curriculums and will significantly increase their chances of getting a better job when they enter the labor market.

Cultural and language immersion

For young people between 12 and 17 years old, **summer language stays are an opportunity to significantly improve their level of Spanish while enjoying full linguistic and cultural immersion** in the destination country.

The program includes a 20 hours per week Spanish course in the morning. The course is taught by our certified teachers with extensive experience in teaching Spanish. We use small groups learning method to engage our students. They will get a studies certificate when they finish the course.

Accommodation includes **full board in a residence just one kilometer from Malvarrosa beach**, located in one of the most picturesque neighborhoods of the city.

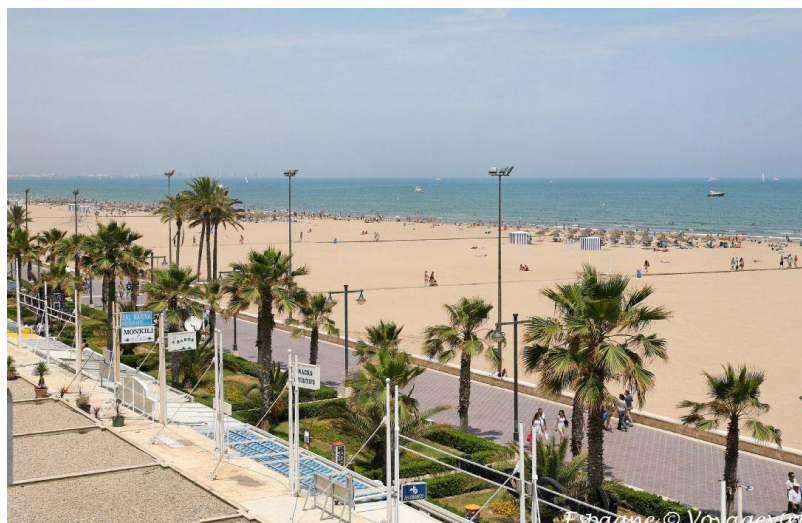

In the afternoon, students can **enjoy a varied activities programme** where they will continue to practice Spanish in a playful and fun way. On Saturdays they will go on full day excursions to visit Madrid or other major cities.

An Interland coordinator will accompany students in every moment during all the activities.

Both the classes and the activities programme, have been designed by a team of professionals with years of experience in language training: our teaching staff (native and with extensive experience in teaching Spanish as a foreign language), and the activities and accommodation coordination team.

Located on a privileged area on the Mediterranean coast. Valencia is one of the most welcoming, modern and sustainable Spanish cities.

Multicultural Valencia

Its privileged location on the shores of the Mediterranean Sea, its incredible weather, its gastronomy and the emerging cultural scene are just some of the attractions of **a welcoming, modern and sustainable city**.

Valencia has the advantages of a big city (cultural, gastronomic, and commercial offer) and at the same time the benefits of a small one. It's a manageable city, **with a public transport network and cycle lanes that make it very easy and fast to move around**.

The city has several green lungs. The old bed of the Turia river stands

out especially. It's one of the largest urban natural parks in Spain, a garden of more than nine walkable kilometers that crosses the city, full of sports and leisure areas. It borders on both banks with some of the main museums and monuments of the city, such as The City of Arts and Sciences.

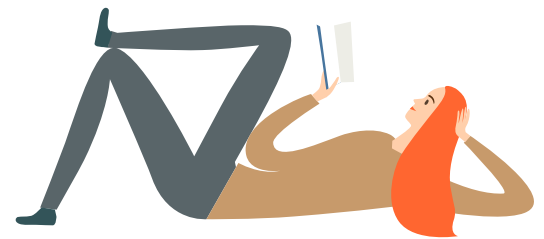

Valencia also has several kilometers of urban beach in one of the most picturesque neighborhoods of the city, El Cabanyal, a traditional fishing neighborhood which has become one of the trending places of the city.

The school, Interland School

We are a young team, experienced and passionate about language teaching. We have excellent native teachers and the most up-to-date teaching methods that allow you to learn at your own pace and from day one. With a relaxed atmosphere and dynamic classes, we emphasise communication through interaction, with one's own personal experiences and with the introduction of new learning situations.

For us Speaking is the most important thing, so we cannot forget that new technologies offer us an important audiovisual tool to complement learning. That's why we have new computer equipment and multimedia systems to streamline the classes.

We also want you to feel comfortable in our facilities: we have air conditioning, fully equipped classrooms, Wi-Fi and all the teaching materials you need.

Our courses, Spanish in a fun and practical way

DYNAMIC AND FUN CLASSES
STUDENTS DIVIDED INTO GROUPS ACCORDING TO THEIR LEVEL
MULTICULTURAL ENVIRONMENT
A FANTASTIC SOCIAL PROGRAMME, AFTERNOON
AND WEEKEND ACTIVITIES
OWN MATERIAL, DESIGNED FOR YOUNG PEOPLE AND TEENS.
THEMATIC UNITS TO AVOID STUDENTS TO REPEAT CONTENT
REGARDLESS OF THE LENGTH OF THE STAY.
REDUCED GROUPS OF STUDENTS

Our Spanish courses for young people are designed to make learning fun, using a dynamic methodology and addressing interesting topics for students. Our goal is for them to learn to get on properly on their daily life and gain self-confidence when it comes to communicating in Spanish.

We have a complete classes programme that includes grammar, vocabulary, pronunciation and speaking, listening comprehension, reading and writing.

All our course materials are prepared by the teaching team and updated annually, guaranteeing the best learning results.

Culture, sports and lots of fun

The Junior Programme is **an exciting mix of communicative Spanish lessons, academic projects, fun activities and excursions.** The academic programme includes 20 Spanish lessons per week that are complemented by a complete programme of activities and excursions.

The social activities will help them develop their confidence and fluency in Spanish, as well as make new international friends with whom they can keep in touch and continue practicing Spanish. During 2 weeks the students will only listen, speak and think in Spanish.

Residence accommodation

The residence is located a few meters from several of Valencia's university campuses and just one kilometer from the Malvarrosa beach. It has modern and comfortable facilities with personalized and close attention 24 hours a day.

All rooms enjoy natural light and have their own bathroom. They are spacious rooms with air conditioning and heating, study table, wardrobe, free broadband internet access...

The residence also has a kitchen and food service. We adapt to special diets. The kitchen team strives every day of the week to prepare varied and balanced menus for you, since we attach great importance to food.

The living room is the meeting point and rest area for the residents, and has a TV, DVD and board games. Cultural and recreational information about our city is also offered. Students can also use the study room available 24 hours a day, 7 days a week.

Each floor has a washing machine, dryer and ironing center so that students can wash and iron their personal clothes free of charge.

INTERLAND

SCHOOL OF LANGUAGES

Students will always count on an Interland coordinator and supervisor who will guide them throughout their stay.

We guarantee the maximum professionalism and responsibility of the project supervisors, who have extensive experience and training to support students.

Always with the student

Interland staff will coordinate all activities and accompany students on excursions, visits and all social activities.

We will be at the family's disposal to answer any questions that they may have.
